## Hawaiian Noni Juice

**For your good health, drink Noni daily – “the miracle fruit from Hawaii”**  
**WHY DRINK NONI?**

Already, millions of lives are benefiting from this miraculous fruit that has been proven for its amazing results for over 2,000 years.

Any excellent fruit, such as an apple or an orange, can provide you with 5 to 8 valuable nutrients. According to Dr. Neil Solomon, a John Hopkins’ trained physician and New York Times best-selling author, he states in his book Nature’s Amazing Healer Noni that there are 140 ingredients found in Noni and he believes that they act synergistically as accessory activating factors to prevent side effects. Is it any wonder that Noni has helped with such a long list of conditions, including: indigestion, gastrointestinal symptoms, allergies, arthritis, cough and sore throats, diabetes, alcoholism and drug addictions, high blood pressure, infections of the mouth and gums, precancerous conditions, wounds, fractures and boils, depression, heart disease, menstrual problems, general pain and headaches.

After much research with Noni and using the product with hundreds of his patients, Dr. Schechter further states that Noni can do the following:

- Increases the assimilation and absorption of other nutritional supplements, such as vitamins, minerals and herbs, thereby improving any person's weakened condition.
- Acts as a powerful anti-oxidant and protection from free radical damage.
- Can be used as an anti-inflammatory to help reduce pain, swelling and stiffness, plus migraines and tension headaches.
- Builds your immune system to fight off colds and other infections.
- Restores the body's internal organs to normal functioning, such as your gastrointestinal, reproductive, liver, pancreatic and nervous systems.
- Noni has been used by medicine doctors for years as “the sacred fruit for regenerating the body” and therefore should be consumed as a staple of any nutritional supplement program.

### **HAWAIIAN NONI JUICE AS A NUTRITIONAL SUPPLEMENT**

One of Hawaiian Noni’s most pronounced positive effects is its ability to promote a healthy gastrointestinal tract. It was in the digestive system that its amazing benefits were first noted by early herbalists. The foundation of one’s health and sense of well being starts in the areas of one’s ability to properly absorb and assimilate nutrients. This, of course, has a direct positive effect on our circulatory and lymphatic systems. Hawaiian Noni Juice can play a vital supportive role in your health care regime.

Our source of Hawaiian Noni comes from where the plants grow on volcanic ash near the shores of the ocean. It is from these areas that Hawaiian Noni fruit grow as large as a potato and contain the highest and purest concentrations of the essential ingredients that give the plant its magical qualities. Our noni juice contains pure Hawaiian Noni that has been legendary for 2,000 years among the Polynesians and South-east Asians for its health-supporting properties.

## WHY LYC'S NONI?

Our quality Hawaiian Noni provides you with the highest amount of beneficial Noni per ounce. It is made from pure Hawaiian Noni, using a special process that does not destroy any of the enzymes or beneficial alkaloids contained in the Noni fruit.

Another great benefit – our Hawaiian Noni Juice contains 50mg. of Grape Seed Extract (Vitus Vinifera) with every ounce of Noni. Grape Seed Extract is known to be the best anti-oxidant to help protect a person from many diseases, including heart disease, cancer, arthritis and most other non-germ diseases that are linked to the chemical action of free radicals. Most importantly, it enhances your immune system and cell vitality.

Studies from the National Institute of Aging, John Hopkins University and the American Heart Association have found how anti-oxidants can function within our body's cellular and tissue systems to help your overall health conditions and may do the following:

- Improve circulation and fight inflammation
- Strengthen capillaries to reduce bruising, varicose veins and muscle cramps.
- Nourish blood cells in the skin to help reduce skin problems and improve skin smoothness.
- Help alleviate hay fever and other allergies.
- Improve joint flexibility and exercise capability.
- Help to retard the aging process.

Our Hawaiian Noni drink is the only one that utilizes incredible LIPOSOMES that literally enhances the QUICK and IMMEDIATE absorption of the marvelous nutrients of NONI and the GRAPE SEED EXTRACT into our bodies.
